BLM High Desert District standardizes wood cutting permits

Rock Springs, Wyo. – The Bureau of Land Management (BLM) Wyoming High Desert District (HDD) is standardizing wood cutting permits throughout its four field offices located in Kemmerer, Pinedale, Rawlins and Rock Springs. Effective immediately, the prices for wood cutting permits in these areas will be as follows:

- Firewood: \$7 per cord, minimum two (2) cords
- Christmas trees: \$10
- Posts/Poles: \$1each

“Standardizing wood cutting permits establishes consistency and will help avoid confusion regarding purchasing permits for firewood, posts, poles and Christmas trees on BLM managed land in our district,” said Brandon Teppo, HDD resource advisor.

Simplifying and regulating the wood cutting permits also supports BLM conservation efforts and responsible stewardship of our public lands. Please note, the wood cutting season on public land runs from May 15 - November 30. For more information about the standardized pricing and permits process, contact Brandon Teppo at (307) 352-0273. -BLM-

The BLM manages more than 245 million acres of public land located primarily in 12 Western states, including Alaska. The BLM also administers 700 million acres of sub-surface mineral estate throughout the nation. Diverse activities authorized on these lands generated \$96 billion in sales of goods and services throughout the American economy in fiscal year 2017. These activities supported more than 468,000 jobs.
