AIRCRAFT EXEMPTION FROM PROPERTY TAX

Wyoming Statutes provide for the taxation of personal property. This includes aircraft.

The only aircraft exempt from taxation is that which is used solely for personal or family use. Any other use is considered a taxable use.

If your airplane is used solely for personal or family use, you need to complete Form ATD23 and return it to this office by March 1. If we receive the sworn, NOTARIZED affidavit, this aircraft will not be listed on the tax roll.

The State provides this office with a list of all aircraft registered in this county. You may view the same data on the web at http://registry.faa.gov/aircraftinquiry/NNum_inquiry.asp by entering your N#.

You may want to look the information over carefully to determine if it is accurate.

There is nothing that the Assessor's office can do to change the data given to us by the State. So if it is not correct, you can go to the aircraft registration customer service online at

<http://registry.faa.gov/Aircraftemail/Aircraftemail.asp>

or you can call them at 1-866-762-9434 from 7:30 a.m. to 3:30 p.m. Central Time.

Please do not contact this office for changes. We do recognize that some of the information may be out of date. However, by State statute, we must inquire every year.
